Student Name _____ Things to do	Student Initials	Supervisor initials	Supervisor Name _____
Updating your process journal on ManageBac to include at least 4 total journals. Be sure you are including reflections on the ATL skills on the back.			Supervisors should check ManageBac for at least 4 journals. These can be on paper instead of ManageBac, but remember that they will eventually be attached to your report and should demonstrate organization/neatness.
Completing the attached <b>timeline</b> for your final product/goal <ul style="list-style-type: none"> <li>Must have personalized due dates to keep yourself on track</li> <li>For each date, write what you hope to have done on that day and how you will accomplish that</li> <li>This can be done on the attached worksheet or in your ManageBac process journal as a list of dates and a "To-do" list</li> </ul>			Supervisors should check that there is evidence of planning—a timeline, a "to-do" list or a calendar. (see attached planning worksheet-or process journal)
Creating your <b>Grading Criteria</b> , which you will use to reflect upon your project at the end. What would make your goal an "A", "B", etc. This can be done on the attached worksheet or in your ManageBac process journal			Supervisors should check that students have reflected on how they would grade themselves on their specific product. (see attached worksheet or process journal)
Score yourself so far on the MYP Personal Project Rubrics for Stages 1 and 2.			Supervisors should discuss how they would grade the student so far, according to the Personal Project Rubric for stages 1 and 2. Note there is plenty of time for the student to demonstrate growth in these scores.
Making your 2 <sup>nd</sup> appointment meeting date with your Supervisor. Go over the grading rubric for the first 2 stages and discuss expectations and grade so far.			Write the date of your 2 <sup>nd</sup> meeting with your supervisor here  _____
Include notes from meeting with your supervisor into your process journal. Reflect on their suggestions and your future plans

You can use <https://wooster.managebac.com> to do this task as part of your journal, or you can use this worksheet. Remember that journals should show your ATL skills—especially **PLANNING AND SELF MANAGEMENT** during stage 2 and your journals will eventually be attached to your final report so making them neat and organized is part of the project.

ATL skills are listed for you on the back to help you write your journals. Questions? Ask your supervisor or Email [teldridge@washoeschools.net](mailto:teldridge@washoeschools.net)

## How will my supervisor grade my project?

Your supervisor will use these rubrics to assign your project a score 1-8 in each of the 4 criteria. Your supervisor will then give you a total score out of 32 points (4 criteria x 8 points each=32). Your total score must be a 16 to pass which is converted into an overall passing IB score of “4” for each of the 4 criterion.

# The Process Journal

The process journal is where you record your learning process and any planning you do toward achieving your goal. It is where you record your ideas, thought and an action plan for the project. The journal notes are used to write your report. If you keep detailed notes on your process, then the report will be easier to write at the end. You will select **10 journal entries** to use as evidence and attach with your report. The journal can also include artifacts and photographs from your process. Some ideas for things to put into the process journal might include:

- Lists of ideas/brainstorms/notes and any other piece of the process
- Photographs
- Screen shots
- Interview notes with anyone who helped you, including your supervisor
- Notes from various sources (like a documentary you watched, book you read, etc.)
- Examples of other similar goals or products where you gathered ideas
- Drawings or sketches
- Quotes that inspired your goal/product
- Anything else that contributed to your process

You should have at LEAST 4 journals so far (more if you've included your research sources and evaluated their quality!)

• **Anything you put in your process journal should include a reflection on your use of the ATL skills. See below for ideas on what to write about:**
